The TumbleBookLibrary is an online collection of talking picture books which teach kids the joy of reading in a format they'll love. TumbleBooks are created by adding animation, sound, music and narration to existing picture books in order to produce an electronic picture book which you can read, or have read to you.

The TumbleBookLibrary provides enrichment to students who are reading independently with a variety of high interest material. It also provides support to students who require skill building with a variety of exercises that can be matched with other areas of the curriculum. In general, TumbleBooks are a great addition to a reading program that can be worked on independently by each student or by the whole class.

You do not need any special software to view TumbleBooks. All you need is the Flash plug-in which is preloaded on most computers. If you are unable to view the TumbleBooks, you can download the plug-in for **FREE** at www.macromedia.com/downloads

TumbleBookLibrary En Espanol and TumbleBookLibrary en Francais: Our language drop down menu allows users to view the entire website in Spanish or French. Instructions, news and descriptions of books are all in Spanish or French (perfect for ESL, bilingual, and French and Spanish programs).

You can also view TumbleBookLibrary from your Mobile phone now. Just choose Mobile from the drop down menu.

So why are you just sitting there with nothing to do? Visit the Long Beach Public Library's website, click on the TumbleBooks button, and start tumbling **TODAY!**
